The FIFA World Cup™, UEFA Euro™ and Gold Cup™ Today's release of FIFA World Cup™, UEFA Euro™ and Gold Cup™ games on Xbox One includes enhanced commentary in the matches. In addition, users can control how the camera pans the ball as well as view player information and leaderboards at the press of a button from a new perspective in the game's matchmaking and stats features. On Xbox One, FUT, X FIFA player names, FUT and X FIFA leaderboards, and the Community Creator are updated each time the user's progress is saved. Community Moments Next Tuesday, FIFA 17 will be followed by the Community Moments update on both Xbox One and Xbox 360. The update adds "Temple Run Mode" to both games, as well as other features for Xbox Live Community Gamertags. With Temple Run Mode, users can race through the game on foot, and collect and craft objects to help them through their missions. Racing through the game helps you unlock items that help you survive the most brutal elements of your environment. X FIFA Community Creator is also in this update. For FUT players, as you play in the game, your X FIFA player name and player rating will increase in the Community Creator. New users will get a boost in the "Community Creator" window once they complete their first batch of tutorials. Additionally, game IDs for all new X FIFA Community Creator Gamertags created in the Community Creator will be added to the X FIFA Community Featured leaderboards. FIFA Women's World Cup 2018 This week's release of FIFA Women's World Cup 2018 features new international teams and new FIFA Women's World Cup assets, including stadiums, players, and kits. Additionally, the update includes all-new FIFA Women's World Cup gameplay. The 2018 FIFA Women's World Cup will begin on June 7th, live on ESPN, ESPN2, and WatchESPN™. The official game day schedule is available at FIFA.com. The Update also includes: New stadiums and kits from all six new international teams. New FIFA Women's World Cup gameplay features such as new ball physics and new formations. Over the past few years, we've worked to create a highly-accelerated game that provides an unprecedented

Take all the skills and abilities gained in Career Mode and transfer them into Ultimate Team, the deepest and most immersive form of online gameplay in FIFA. Create your own dream squad and lead them to glory. Ultimate Team not only provides more ways to progress and achieve than Career Mode, but it also offers amazing rewards for players who want to break new ground with gameplay.

PlayStation VR and Move support for FIFA 22. **ENHANCED MOBILITY MODE** Mobility Mode in FIFA is more true to the speed and energy that characterize the real game. Unique movement options such as the 360° One Touch Rolling Move, A.K.A. the Fulcrum Disk, and multiple passing animations allow players to express themselves and dominate even more by dictating the play.

PREMIUM VARIABLES To further enhance the authenticity and realism of movement, FIFA 22 introduces Premium Variables to give players more choice in how they want their game played. These include the new Fully-Adjustable Low Kick Distance, the ability to Override Natural Kick Force, which allows players to choose the amount of force they want their kicks to have, as well as the ability to choose the intensity of an opponent's ball contact, which allows you to make your game more challenging if you want.

MORE LOCKSCREEN CAMERAS New Authentic FIFA Cam, a camera that more closely matches the camera angle of an actual match, is standard in this year's FIFA title. In addition, this year's FIFA title is introducing Authentic Team cameras, which will provide a more authentic view of your team as they support each other on the pitch.

TOUCH CONTROL Support for more touch inputs will make it easier than ever for players to interact with the game, as well as new options for boosting player movement when under pressure. For example, players can now boost their movement speed to keep up with teammates while moving out of a challenging situation.

Balanced and Tuned Player Interactions For a more authentic gaming experience, the control system has been tuned to match the way players actually interact with the ball and each other. Creating the most immersive and intuitive control system in the franchise allows players to have more agency in their interactions with the game.

Marked Player Balance Changes As in real life, being marked (brought back into the play) is important to the success of your team in FIFA. A change to this system will give players

What's new in Fifa 22:

- **“HyperMotion Technology” - uses real player movement to make soccer look more realistic, handles the challenges head-to-head actions get more authentic and brings a more embodied feel to the pitch.**
- **“Total Control” - experience the game like never before with total control over your squad. See how your player develops through the years and take over complete teams as you play your way to greatness.**
