

Currently, all examinations administered by the Tamil Nadu Civil Service Commission require at least 15 to 20 questions related to current affairs. So we have... 15 questions to give and... 20 questions to answer. I propose the following scheme: 1. If you do not know the answer to one of the questions, you can answer the other. For example, if you don't know the answer to the question, "How can a teacher training program be improved?" the answer to that question is "improve the prestige of the program." 2. If you don't know the answer to all 15 questions, you need to go back to your first question and answer it. 3.
